Sunil Raj

SUMMARY

Aspiring Python Developer with hands-on experience in Django, HTML, CSS, and JavaScript. Proficient in building dynamic, user-friendly web applications and implementing responsive designs. Seeking an entry-level role to leverage technical expertise, collaborate on innovative web solutions, and continuously enhance my skills in modern development practices. Committed to learning new technologies and contributing to the success of a forward-thinking organization.

PROJECT

PERSONAL PORTFOLIO WEBSITE

- Build a responsive personal portfolio website using HTML, CSS, Bootstrap, and JavaScript.
- Designed an intuitive user interface with seamless navigation and interactive elements.
- Ensured cross-device compatibility and optimized performance.

RESTAURANT MANAGEMENT SYSTEM - Tkinter

- Developed a Restaurant Management System using Python and Tkinter for efficient order handling and billing
- Implemented CRUD operations for menu updates and customer data management.
- Enabled real-time order calculation, reducing processing time and error.

INSURANCE SYSTEM - Django

- Developed a web-based insurance application using Django with HTML, CSS, Bootstrap, and JavaScript for the frontend.
- Enabled policy management features, including user registration, policy creation, and premium calculations.
- Integrated a secure backend with Django, saving and managing data in a MySQL database.
- Ensured a responsive design for optimal usability across devices and browsers

CERTIFICATES

EDUCATION

Sadakathullah Appa College.

2021 - 2024 | B.Sc. Computer Science
Bachelor's of Science in Computer Science
with a CPGA score of 6.5

Schaffter Higher Secondary School

2020 - 2021 | HSC
Higher Secondary Certificate score of 73.5%

Schaffter Higher Secondary School

2018 - 2019 | SSLC
Secondary School Leaving Certificate score
of 62.2%

SKILLS

- Python Programming
- Django
- MYSQL
- Web Designing
